

Dear Ladies and Gentlemen,

On behalf of ITE, I welcome you to the 11th Moscow International Exhibition “Pharmtech – Technologies of Pharmaceutical Industry”.

Specialists all over the world pay special attention to the development of pharmaceutical industry. That is why Pharmtech, a leading trade exhibition of the Russian and CIS pharmaceutical industry, attracts more and more professionals every year. The exhibition efficiently contributes to the introduction of new technologies and equipment to the Russian market and improvement of competitiveness of Russian products.

The exhibition is a recognized event at the international level too, which is confirmed by the UFI certificate, which is granted to events complying with international standards.

Success of the exhibition, to a great extent, depends on the support and assistance we receive. That is why I would like to express our special gratitude to the Committee for Social Policy and Healthcare of the Council of Federation of the Federal Assembly of the RF, Ministry of Industry and Trade of the RF, Federal Service for Supervision in the field of Consumer Rights Protection and Human Well-Being, Federal Service for Supervision in the Field of Healthcare and Social Development, Moscow Government, Moscow City Duma, Ministry of Healthcare of Moscow Region, Russian union of Industrialists and Entrepreneurs and Association of Russian Pharmaceutical Producers for their assistance in the organisation of this event.

I wish all participants and guests of the exhibition productive work, business contacts with potential partners and financial prosperity.

Best regards,

General Director
ITE

A. V. Shtalenkov
